The 2022 Toyota Highlander is known for its spacious interior, impressive technology, and safety features. This article will delve into the details of the Highlander, covering everything from its specifications and performance to its features and maintenance tips.

Overview of the 2022 Toyota Highlander

The 2022 Toyota Highlander stands out in the competitive SUV market due to its blend of comfort, style, and reliability. With three rows of seating and ample cargo space, it is ideal for families and adventurers alike. This SUV is available in several trims, each offering unique features and options tailored to meet a variety of needs.

Trims and Pricing

The 2022 Toyota Highlander comes in several trims, allowing buyers to choose according to their preferences and budget. The available trims include:

1. L: The base model, equipped with essential features.
2. LE: Adds more convenience features and technology.
3. XLE: Introduces luxury touches and advanced tech.
4. XSE: Sporty design with performance features.
5. Limited: Premium features for comfort and style.
6. Platinum: The top-of-the-line model with all available features.

Pricing varies by trim, with the base model starting around \$35,000 and the Platinum trim reaching upwards of \$50,000.

Engine and Performance

The 2022 Highlander offers a choice between a traditional gas engine and a hybrid powertrain:

- Gas Engine: A 3.5-liter V6 engine producing 295 horsepower and 263 lb-ft of torque. It comes with an 8-speed automatic transmission and offers a towing capacity of up to 5,000 pounds.
- Hybrid Powertrain: Combines a 2.5-liter 4-cylinder engine with electric motors, producing a total of 243 horsepower. The hybrid model is designed for efficiency, achieving an EPA-estimated 36 mpg in the city and 35 mpg on the highway.

Fuel Economy

Fuel efficiency is a critical consideration for many SUV buyers. The 2022 Toyota Highlander excels in this area, particularly in its hybrid variant.

- Gas Model: Approximately 21 mpg city / 29 mpg highway.
- Hybrid Model: Approximately 36 mpg city / 35 mpg highway.

These figures make it one of the more fuel-efficient options in its class.
