How it Works

The diet restricts calorie intake to about 1,000 to 1,400 calories per day. This calorie restriction is believed to push the body into a state of fat burning. The plan includes specific food combinations that are said to work synergistically to maximize weight loss.

The diet consists of three days of strict meal plans followed by four days of eating healthy, low-calorie meals. Here is a sample meal plan for the first three days:

- Day 1:
 - Breakfast: 1 cup of black coffee or tea, 1 slice of toast, 2 tablespoons of peanut butter, and half a grapefruit.
 - Lunch: 1 cup of black coffee or tea, 1 slice of toast, and 1/2 cup of tuna.
 - Dinner: 3 ounces of any type of meat, 1 cup of green beans, 1 small apple, and 1/2 banana.
