

animal crossing new horizons animal guide

Animal Crossing: New Horizons Animal Guide is an essential resource for players looking to navigate the vibrant world of this beloved life simulation game. Released for the Nintendo Switch in March 2020, Animal Crossing: New Horizons invites players to create their own island paradise. As players set up their homes and interact with charming animal villagers, understanding the various animals and their characteristics becomes crucial to enhancing the gameplay experience. This guide will provide an overview of the different types of animals you can encounter, how to interact with them, and tips for building relationships with your favorite villagers.

Understanding Animal Types

In Animal Crossing: New Horizons, animals are categorized into several species, each with unique personalities, styles, and preferences. Recognizing these types can help players interact more effectively with their villagers.

1. Villager Types

Villagers are the anthropomorphic animals that live on your island. They are divided into several personality types that influence their behavior and interactions with players:

- **Smug:** These villagers are charming and polite, often displaying a mix of confidence and a hint of arrogance. They enjoy talking about fashion and aesthetics.
- **Peppy:** Full of energy and enthusiasm, peppy villagers are very friendly and often engage in cheerful conversations. They enjoy making friends and have upbeat personalities.
- **Lazy:** These villagers are laid-back and enjoy taking life slow. They often talk about food and relaxation, and they tend to have a gentle and friendly demeanor.
- **Snooty:** Snooty villagers can come off as rude or condescending, but they often have a softer side. They enjoy sharing beauty tips and discussing luxury items.
- **Normal:** This personality type is balanced and friendly, making normal villagers easy to get along with. They often discuss daily life and enjoy making connections.
- **Cranky:** Cranky villagers tend to be grumpy and sarcastic. They might be less friendly initially, but they have a soft spot for players who persevere.
- **Jock:** These villagers are athletic and energetic, often discussing sports and fitness. They enjoy competition and can be quite

motivational.

- **Big Sister:** A subtype of the normal personality, big sister villagers are nurturing and protective, often acting like older sisters to the player.

2. Species Diversity

Beyond personality types, villagers come in various species, each with their unique traits and designs. Some popular species include:

- **Birds:** Represented by characters like Robin and Jay, birds often have vibrant colors and cheerful designs.
- **Cats:** Feline villagers like Tom and Felicity are among the most popular, with a range of personalities.
- **Dogs:** Friendly and loyal, dog villagers like Goldie and Marshall bring warmth to any island.
- **Rabbits:** Bouncy and playful, rabbits like Coco and Judy are known for their quirky appearances.
- **Reptiles:** Characters like K.K. Slider (a dog but often associated with reptiles) and others like Lizzy showcase the diversity of reptilian designs.

How to Interact with Villagers

Interacting with villagers is a vital aspect of Animal Crossing: New Horizons. Building relationships with them can lead to friendship, unique dialogue, and special events. Here are some ways to effectively engage with your island's inhabitants:

1. Daily Interactions

Establishing a routine of daily interactions with your villagers will help strengthen friendships. Here are some tips for effective daily engagement:

1. **Talk to them:** Each day, make it a priority to speak to your villagers. They will often share interesting stories or ask for your help.
2. **Gift giving:** Presenting gifts, even simple items like fruit or flowers, can significantly boost your friendship levels. Pay attention to what your villagers like; some may prefer specific items.
3. **Participate in events:** Seasonal events and special occasions provide

excellent opportunities to bond with villagers. Join in the fun to create memorable experiences together.

2. Customize Your Island

Your island's aesthetics can impact your relationship with villagers. Here's how you can create an inviting environment:

- **Decorate:** Use furniture, flowers, and paths to create a beautiful landscape. Villagers will appreciate the effort you put into your island.
- **Public spaces:** Create communal areas like parks or picnic spots where villagers can gather. This encourages interaction and fosters a sense of community.

Special Events and Villager Quirks

Each villager has their quirks and special events that can enhance the gameplay experience. Understanding these aspects can add depth to your interactions.

1. Birthdays and Celebrations

Every villager has a birthday, which can be a great occasion to strengthen your bond:

- Make sure to attend their birthday party, as it will make them feel special.
- Gifting them a present on their birthday will leave a lasting impression and increase friendship points.

2. Unique Requests

Villagers often have unique requests, such as asking for specific items or suggesting activities. Engaging with these requests can yield rewards:

- Completing their requests can lead to increased friendship levels.
- Some villagers may reward you with DIY recipes, items, or even clothing.

Tips for Managing Villager Relationships

Maintaining a good relationship with your villagers can sometimes be challenging. Here are some practical tips to ensure you keep everyone happy:

1. Avoid Neglect

Neglecting villagers can lead to them becoming upset or even deciding to move away. To prevent this:

1. Regularly check in with each villager, even if it's just for a quick chat.
2. Try to interact with each one at least once a day.

2. Manage Departures

Sometimes, villagers may express a desire to leave your island. If you want to keep a specific villager, consider these strategies:

- Engage with them more frequently to show your interest in maintaining their presence.
- Participate in their requests and attend their events to strengthen your bond.

Conclusion

The **Animal Crossing: New Horizons Animal Guide** serves as a comprehensive resource for understanding and interacting with the diverse animal villagers in the game. By recognizing the different types of villagers, engaging in daily interactions, and participating in special events, players can create meaningful connections with their island inhabitants. As you explore the charming world of Animal Crossing, remember to enjoy the journey and cherish the friendships you build along the way. Whether you're collecting items, decorating your island, or helping a villager with their requests, the interactions you have with your animal friends will enrich your gaming experience. Happy island living!

Frequently Asked Questions

What are the different types of animals available in Animal Crossing: New Horizons?

In Animal Crossing: New Horizons, animals are categorized into various types including villagers (both normal and special), fish, bugs, and sea creatures. Villagers can be further divided into personalities like jock, snooty, lazy, and more.

How can I attract specific animal villagers to my island?

To attract specific animal villagers, you can use Nook Miles to purchase amiibo cards of the desired villagers, invite them to your campsite, or use a campsite plot and invite villagers from mystery islands.

What is the best way to catch rare fish and bugs in the game?

To catch rare fish and bugs, ensure you are fishing or bug-catching during their active months and times of day. Use bait for fish and attract bugs with flowers or specific conditions that suit them.

How do I know the personality types of my animal villagers?

You can find the personality types of your animal villagers by checking their profiles in the NookPhone app or by observing their behavior. Each type has distinct traits and interactions.

What are the benefits of having different personality types among villagers?

Having a variety of personality types among villagers adds depth to interactions, provides diverse dialogue, and can enhance your island experience by creating unique relationships and events.

Are there seasonal animals that appear only during certain months?

Yes, many fish, bugs, and sea creatures in Animal Crossing: New Horizons are seasonal and only appear during specific months or times of day. It's important to check the critterpedia for details on each one.

How can I help my villagers with their requests?

You can help your villagers by completing their requests, which may involve delivering items, crafting specific furniture, or finding lost items. This helps build friendship levels with them.

What happens if I don't interact with my animal

villagers regularly?

If you don't interact with your animal villagers regularly, they may become sad or even decide to leave your island. It's important to engage with them frequently to maintain good relationships.
