Unlocking these characters typically involves completing specific in-game objectives or challenges.

How to Unlock The Lost

The Lost is one of the most iconic characters, known for its lack of health and reliance on invincibility frames. To unlock The Lost, players must complete a series of deaths under special conditions:

1. Die in the Cathedral to unlock The Lost.
2. Prior to this, unlock the character by dying in specific ways while holding certain items, such as dying to a Mulligan while holding Holy Mantle.

3. Ensure no items or power-ups carry over during these deaths, making the process particularly challenging.

Unlocking Keeper

Keeper is a character with unique mechanics involving coins as health. Unlocking Keeper requires:

- Donating 1000 coins to the Greed Donation Machine in the Greed mode.
- This process requires persistence and efficient coin management, as coins are also needed for purchasing items and upgrades.

Unlocking Apollyon

Apollyon is unlocked by defeating the final boss, Mega Satan, for the first time. This requires:

- Collecting two key pieces from the Angel rooms.
- Successfully reaching and defeating Mega Satan in the Cathedral or Chest floors.

Item and Trinket Unlocks

Items and trinkets significantly influence gameplay by altering player stats, providing new abilities, or modifying interactions. Many items are locked behind specific in-game achievements or milestones.

Unlocking the D6

The D6 is a valuable active item for rerolling item pedestals, essential for strategic play. To unlock it:

- Defeat Mom's Heart or It Lives as the character Isaac for the first time.
- This unlocks the D6, dramatically increasing Isaac's versatility in item utilization.

Several other items require various conditions:

- **Godhead:** Obtain by completing the game with all characters or unlocking all angelic items.
- **God's Flesh:** Drop chance after defeating Mom's Heart/It Lives.

Unlocking alternate floors

Alternate floors like the Corpse or Downpour require:

- Defeating Delirium, a boss in the Void.
- Progressing through special item combinations that open alternate paths.
