- Bushmans Roadhouse Grillers (the number depends on the number of servings)
- Olive oil or cooking spray
- Your favorite seasonings (if desired)
- Grill (gas, charcoal, or electric)
- Tongs
- Meat thermometer
- Serving platter

2. Thawing the Grillers

If your Bushmans Roadhouse Grillers are frozen, it's crucial to thaw them properly. Here are some methods:

- Refrigerator Thawing: Place the grillers in the refrigerator for several hours or overnight.
- Cold Water Thawing: Submerge the sealed grillers in cold water for 1-2 hours, changing the water every 30 minutes.

3. Marinating (Optional)

While Bushmans Roadhouse Grillers come pre-seasoned, you can enhance their flavor by marinating them. Consider using:

- Olive oil
- Garlic
- Lemon juice

Grilling Bushmans Roadhouse Grillers

Now that your grillers are prepped, it's time to cook! Here's how to do it:

1. Preheat Your Grill

Regardless of the type of grill you are using, preheating is essential for even cooking. Here's how to do it:

- Gas Grill: Turn on the burners to medium-high and close the lid. Preheat for about 10-15 minutes.
- Charcoal Grill: Light the charcoal and let it burn until covered with ash (about 15-20 minutes). Spread the coals evenly.
- Electric Grill: Set the temperature to medium-high and allow it to preheat for about 10 minutes.

2. Oil the Grill Grates

To prevent sticking, lightly oil the grill grates using a paper towel dipped in olive oil. Use tongs to hold the paper towel while rubbing it over the

grates.

3. Place the Grillers on the Grill

Once your grill is preheated, place the Bushmans Roadhouse Grillers directly on the grill grates. Make sure to leave some space between each griller to ensure even cooking.

4. Cooking Time

Cooking times may vary based on the type of grillers you are using and the grilling method:

- For Beef Grillers: Grill for about 6-8 minutes per side, or until they reach an internal temperature of 145°F (63°C).
- For Pork Grillers: Grill for about 5-7 minutes per side, aiming for an internal temperature of 145°F (63°C).
- For Chicken Grillers: Grill for about 7-10 minutes per side, ensuring an internal temperature of 165°F (74°C).

5. Flip the Grillers

Use tongs to flip the grillers halfway through the cooking time. Avoid using a fork, as piercing the meat can let the juices escape and result in dry grillers.

6. Check for Doneness

To ensure that your grillers are cooked to perfection, use a meat thermometer. Insert it into the thickest part of the meat without touching the bone. Once the desired temperature is reached, remove the grillers from the grill.

Tips for Perfect Bushmans Roadhouse Grillers

Here are a few tips to ensure your Bushmans Roadhouse Grillers are always a hit:

- **Let Them Rest:** After grilling, allow the grillers to rest for about 5 minutes before serving. This helps the juices redistribute, making the

meat more tender.

- **Experiment with Flavor:** Don't hesitate to try different marinades and seasonings to personalize the flavor of your grillers.
- **Use a Grill Basket:** If you're grilling smaller pieces or veggies alongside, a grill basket can help keep everything contained and prevent loss.
- **Keep the Grill Clean:** Clean the grates after grilling to prevent sticking and maintain the flavor for future cooking sessions.
