Plot Summary

The story begins in England during World War II, where four siblings—Peter, Susan, Edmund, and Lucy Pevensie—are evacuated to the countryside to escape the bombings in London. While exploring the house of an old Professor, Lucy discovers a wardrobe that serves as a portal to the magical land of Narnia. In Narnia, she meets a faun named Mr. Tumnus, who tells her about the White Witch, a malevolent ruler who has cast a spell over the land, causing it to be perpetually winter.

After returning home, Lucy is met with disbelief from her siblings, who initially refuse to believe her story. However, when they eventually enter the wardrobe themselves, they find themselves in Narnia, where they encounter various mystical creatures and learn about the ongoing struggle against the White Witch.

Edmund, one of the siblings, betrays his siblings by siding with the White Witch after being lured in by promises of power and Turkish Delight. The plot thickens as the Pevensie siblings align themselves with Aslan, a noble lion and the true king of Narnia, who represents goodness and sacrifice. Aslan's eventual confrontation with the White Witch leads to a climactic battle, where themes of betrayal, sacrifice, and redemption come to a head.
