Biographical Background

Emily Elizabeth Dickinson was born on December 10, 1830, in Amherst, Massachusetts. Raised in a prominent family, she received a quality education, studying at the Amherst Academy and briefly attending Mount Holyoke Female Seminary. However, Dickinson's life was marked by reclusiveness; she spent the majority of her adult life in her family's home, rarely venturing outside her hometown.

Despite her seclusion, Dickinson was deeply engaged with literature, philosophy, and the natural world, which profoundly influenced her poetry. She corresponded with numerous intellectuals of her time, including the famous writer Thomas Wentworth Higginson, who later became her literary mentor. Dickinson's literary output consisted of nearly 1,800 poems, most of which she crafted in isolation, reflecting her unique perspective on life, love, death, and immortality.

Publication History

The majority of Dickinson's poetry was unpublished during her lifetime.
