- Type of salmon: Most stuffed salmon from Costco is Atlantic salmon, known for its rich flavor and tender texture.
- Stuffing varieties: Common fillings include:
 - Crab meat
 - Cream cheese
 - Spinach
 - Fresh herbs (like dill or parsley)
- Size and weight: Each piece typically weighs around 6-8 ounces, making it suitable for a single serving.

Preparation Steps

Before cooking your stuffed salmon, proper preparation is crucial. Follow these steps to ensure you achieve the best results:

1. Thawing

If your stuffed salmon is frozen, it's essential to thaw it properly. Here are the two most common methods:

- Refrigerator method: Place the salmon in the refrigerator for 8-12 hours before cooking. This method is the safest and preserves the fish's texture.
- Quick thaw method: If you're short on time, you can place the sealed salmon in a bowl of cold water for about 30-60 minutes. Ensure the packaging is airtight to prevent water from entering.

2. Prepping the Cooking Space

- Gather your tools:
- Baking tray or dish

- Aluminum foil (optional)
 - Cooking spray or olive oil
 - Meat thermometer (for checking doneness)
- Preheat your oven: If you plan to bake the salmon, preheat your oven to 375°F (190°C). For grilling, prepare the grill for medium heat.

3. Seasoning (Optional)

While Costco's stuffed salmon is pre-seasoned, you may want to enhance the flavor further. Here are some optional seasonings you can use:

- Lemon juice for brightness
- Fresh herbs like dill or parsley
- A sprinkle of garlic powder or onion powder
- Black pepper and salt to taste

- Tips:
 - For a golden-brown finish, remove the foil during the last 5-10 minutes of baking.

- Tips:

- Use a fish spatula for easy flipping.
- Consider grilling the salmon in a grill basket or on a sheet of aluminum foil to prevent it from falling apart.

3. Pan-Searing

Pan-searing is a quick method that gives the salmon a nice crust while keeping the inside moist.

- Instructions:

1. Heat a tablespoon of olive oil or butter in a skillet over medium-high heat.
2. Once the oil is hot, place the stuffed salmon in the skillet, skin-side down.
3. Cook for 4-5 minutes until the skin is crispy and golden brown.
4. Carefully flip the salmon and reduce the heat to medium. Cook for an additional 4-6 minutes, or until the internal temperature reaches 145°F (63°C).

- Tips:

- Avoid moving the salmon too much while it cooks to achieve a nice sear.
