Couple Exercises to Enhance Emotional Intimacy

Emotional intimacy is foundational for a healthy relationship. Here are some couple exercises aimed at nurturing this aspect:

1. Daily Check-Ins

Set aside 15 minutes each day to check in with each other. During this time, ask open-ended questions, such as:

- How did you feel today?
- What was the best part of your day?
- Is there anything on your mind that you'd like to share?

2. Gratitude Journaling

Each partner keeps a gratitude journal where they write down things they appreciate about each other. Share these entries weekly to reinforce positive feelings and affirmations.

3. Vulnerability Sharing

Commit to sharing one vulnerability each week. This exercise encourages honesty and trust, allowing both partners to understand each other on a deeper level.
