- List answers in the same order as the warm-up exercises.
- Use bullet points or numbered lists for easy reference.

Explanations and Examples

In addition to providing correct answers, including brief explanations can enhance understanding. For example, if a sentence correction is required, explain why the corrected version is grammatically accurate:

- Incorrect: "He run fast."
- Correct: "He runs fast."
- Explanation: The verb "run" must agree with the singular subject "he," thus it should be "runs."

- Allowing students to check their answers after completing each warm-up.
- Encouraging them to revisit any incorrect answers and understand their mistakes.
