Understanding these practice areas highlights why Davis Polk remains a leader in global legal services. The following sections will detail the firm's focus on Corporate Law, Capital Markets, Litigation, Financial Regulation, and Tax, among others.

- Corporate Law
- Capital Markets
- Litigation and Arbitration
- Financial Regulatory Practice
- Tax Practice
- Private Equity and Mergers & Acquisitions

Corporate Law

Davis Polk's Corporate Law practice area is renowned for advising on complex transactions and corporate governance matters. The firm's attorneys assist clients with company formation, compliance, and strategic business decisions. Their expertise spans various industries, including technology, healthcare, energy, and financial services. This practice area encompasses securities law, transactional work, and counsel on fiduciary duties to boards and shareholders.

Mergers and Acquisitions Advisory

The firm provides comprehensive support for mergers and acquisitions, facilitating deal structuring, negotiation, and execution. Davis Polk lawyers guide clients through due diligence, risk assessment, and regulatory approvals, ensuring transactions align with legal and strategic objectives. This sub-practice integrates seamlessly with the firm's Capital Markets and Private Equity teams to deliver holistic solutions.

Corporate Governance

In corporate governance, Davis Polk advises boards of directors and executive leadership on best practices, compliance with regulatory frameworks, and shareholder relations. This includes crafting policies, managing conflicts of interest, and addressing shareholder activism. The firm's counsel helps clients maintain strong governance structures that promote transparency and accountability.

Capital Markets

The Capital Markets practice at Davis Polk is a cornerstone of the firm's offerings, focusing on securities offerings, debt and equity financings, and regulatory compliance. The firm represents issuers, underwriters, and investors in public and private offerings across global markets. Their expertise includes initial public offerings (IPOs), follow-on offerings, and complex structured finance transactions.

Equity and Debt Offerings

Davis Polk's team handles a wide range of equity and debt offerings, advising clients on prospectus preparation, regulatory filings, and market strategy. Their work ensures adherence to SEC regulations and other applicable rules, facilitating smooth capital raising processes. The firm's experience spans multiple industries and jurisdictions, reflecting a deep understanding of global capital markets.

Structured Finance and Derivatives

This sub-practice area involves advising on securitizations, derivatives transactions, and other innovative financing structures. Davis Polk lawyers assist in structuring deals to optimize legal and financial outcomes while managing regulatory risks. Their expertise supports clients in navigating complex financial instruments and market dynamics.

Litigation and Arbitration

Davis Polk's Litigation and Arbitration practice handles high-profile disputes across commercial, securities, antitrust, and white-collar crime matters. The firm represents corporations, financial institutions, and individuals in federal and state courts, as well as in international arbitration forums. Their litigation team is known for strategic advocacy, rigorous analysis, and effective case management.

Commercial Litigation

The commercial litigation group focuses on contract disputes, business torts, and class actions. Davis Polk lawyers develop tailored litigation strategies to protect client interests and resolve disputes efficiently. Their experience includes shareholder litigation,

intellectual property disputes, and complex commercial conflicts.

Regulatory Investigations and White-Collar Defense

This sub-practice advises clients facing government investigations and enforcement actions. Davis Polk provides defense strategies in matters involving securities law violations, fraud allegations, and regulatory compliance. The firm's attorneys work closely with regulatory agencies to safeguard client rights and reputations.

Financial Regulatory Practice

The firm's Financial Regulatory Practice area supports clients navigating the complex landscape of financial services regulation. Davis Polk advises banks, broker-dealers, asset managers, and other financial institutions on compliance with U.S. and international regulatory regimes. This includes oversight by agencies such as the SEC, CFTC, Federal Reserve, and FINRA.

Banking and Financial Services Regulation

Davis Polk's lawyers counsel clients on capital requirements, risk management, anti-money laundering, and consumer protection laws. Their guidance helps institutions implement regulatory frameworks while pursuing business objectives in a rapidly evolving environment.

Derivatives and Structured Products Compliance

Clients receive expert advice on compliance with derivatives regulations under the Dodd-Frank Act and related legislation. The firm assists with registration, reporting, and transaction documentation, ensuring adherence to applicable rules and mitigating regulatory risk.

Tax Practice

Davis Polk's Tax Practice delivers sophisticated advice on domestic and international tax matters. The firm represents clients in tax planning, controversy, and structuring transactions to optimize tax efficiency. Their expertise includes corporate tax, partnership taxation, and cross-border tax issues.

Corporate Tax Planning

The tax team collaborates with corporate clients to develop strategies that minimize tax liabilities while complying with prevailing laws. This includes advising on mergers and acquisitions, financing arrangements, and executive compensation.

International Tax and Transfer Pricing

Davis Polk assists multinational clients in managing tax risks related to international operations, transfer pricing policies, and treaty benefits. Their approach integrates legal and economic analysis to achieve effective tax outcomes across jurisdictions.

Private Equity and Mergers & Acquisitions

Private Equity and Mergers & Acquisitions are central to Davis Polk's transactional offerings. The firm advises private equity sponsors, portfolio companies, and strategic buyers on deal execution, financing, and regulatory compliance. Their work includes leveraged buyouts, recapitalizations, and joint ventures.

Private Equity Transactions

The firm's attorneys provide counsel on fund formation, investment structuring, and exit strategies. Their experience encompasses a broad range of industries and deal sizes, delivering tailored solutions to meet client objectives.

Mergers & Acquisitions Execution

Davis Polk's M&A team works closely with clients throughout the transaction lifecycle, from negotiation to closing. Their integrated approach leverages expertise across practice areas to address legal, financial, and regulatory considerations efficiently.
